

FOR HOBBY BEEKEEPERS • OPENING SOON

The hive's still *being built.*

BeeDude is going to be a friendly corner of the internet for hobby beekeepers: practical how-tos, seasonal reminders, and the kind of advice you'd get over the fence from a neighbor who keeps bees. We're still putting the frames together.

ON THE WORKBENCH

Season-by-season notes

What the hive needs as the year turns, so the next step is never a surprise.

Hive inspection basics

How to open up, what to look for, and how to close up calmly.

Gear for getting started

Plain-spoken picks for a first hive, without the pile of extras.
